- Get Your free demo account and connect your online store.
- Use your recommender system 30 days for free starting from the productive use
- Your recommender system will switch off automatically and no fees apply OR you choose a service package (fees required) to continue operation.
- You can change or cancel your service package at any time to the end of a month.

Register & Install

After registration with prudsys IREUS you can install and connect your IREUS recommender system with your online store as you like. The free trail operation will start not before you have started the productive use of your IREUS recommender system.

Try it

When you start the productive use of your IREUS recommender system the 30 days free trail period will begin. We will inform you about the beginning and the ending of the free trail period. When the free trail period has finished your IREUS recommender system will switch off automatically and no fees apply.

Use it

Would you like to continue to use your IREUS recommender system then you can choose a payable service package according to the size of your online store. You can change or cancel service packages at any time to the end of a month.

1) All promoted services are aimed at business clients. The prices specified are net and exclude VAT at the current rate of 19%.
 2) Users with more than €450,000 monthly sales will be asked to use our enterprise solution prudsys RDE.
